

NAVAL BILL WILL PASS

Emperor William's Fondest Hopes to Be Realized.

TO BUILD MORE WARSHIPS

GERMANY TO RANK SECOND TO GREAT BRITAIN.

Difficulty Experienced By American Ambassadors at Berlin and Vienna In Securing Houses Suitable For Embassies—Are Forced to Stay In Advance For Everything.

(Copyright, 1899, by Associated Press.)

Berlin, Dec. 2.—After a fortnight of preliminary skirmishing, the reichstag during the coming week will begin serious work, starting with the first reading of the bill, which always leads to serious and heated debates, the important part of which will be the advance of the light for and against the new naval bill. The whole energy of the emperor and the government will be used toward making the bill a law and thus securing for Germany the second place in the world as a naval power.

After surveying the parliamentary field it seems pretty probable that the bill will pass, as the whole right, part of the center and a portion of the left seem in favor of its passage. No doubt German public opinion overwhelmingly favors the bill, as the people believe with the emperor that it is absolutely necessary for Germany's continued prestige as a world power and for the extension of German trade and influence abroad.

Besides, the conviction is now held generally here that France could no longer be feared as a serious competitor, militarily, she having reached her ultimate limit in increasing her army and being unable to compete with Germany's additional 15,000,000 of inhabitants. Thus it must be said that Germany now has her hands free for naval expansion.

Improve the Ship Yards.

The government's purpose to transform Emden, hitherto a small north sea harbor, into a first-class navy port has become plain. On the exceptional authority it is learned that these plans embrace the deepening of the river bed so as to allow the largest ships to enter the harbor. An expenditure of 9,500,000 marks for this improvement will reach the Prussian diet after its reconvening. The government will also erect big navy ship yards and dry docks at Emden. The dry docks will be pushed so that a number of the vessels demanded by the new naval bill can be built at Emden. The desirability of the United States having suitable permanent embassies abroad is again unpleasantly illustrated by the humiliating experience of Ambassador White, as related in the Associated Press Wednesday, and by the fact, just revealed, that Minister Harris at Vienna is undergoing a worse experience. Mr. White is likely to be left over, as it is understood the little government of Baden has offered to allow the American ambassador to continue to occupy the top of the hill of the United States under the end of President McKinley's term.

Trouble With Landlords.

Mr. Harris' predecessor, Bartlett Tripp, had a dispute with his landlord and the latter sued Mr. Tripp successfully. He pleaded the difficulty was without fault. Even the Vienna tradesmen are disinclined to supply anyone connected with the legation unless paid in advance. Both these incidents are causing much astonishment and talk in diplomatic circles at Vienna and Berlin, and many disparaging remarks have been made against the United States policy in this respect. Dr. von Miquel, whose skill in financially squeezing the German subjects for the benefit of the state is proverbial, has fallen a victim to his own tax gatherers. They have rejected Dr. von Miquel's income tax return, declaring he omitted the income of the Silesian estate, which Dr. von Miquel claims is unobjectionable. The outcome, which the courts will probably have to decide, involves only a small amount, but the department insists upon its alleged rights against its own chief.

The Imperial Budget.

Berlin, Dec. 2.—The imperial budget estimates, copies of which were distributed among the members of the reichstag today, differ only slightly from the figures telegraphed to the Associated Press November 20. The revenue expenditure balance is 2,068,000 marks, showing an increase of 105,974,444 marks.

The permanent expenditure is estimated at 1,751,042,498 marks, an increase of 167,864,665 marks, this comprising an additional 100,000 marks for the army of 21,495,446 marks, and for the navy 4,385,965 marks. The non-recurring expenditure is estimated at 255,251,335 marks, being a decrease of 1,221,211 marks.

Make Bogus Credentials.

Chicago, Dec. 2.—A special to the Times-Herald from St. Paul says: It is said a factory for the manufacture of bogus credentials for Chinese desiring to enter the United States is in operation in St. Paul. No arrests have as yet been made. It is said that a number of Chinese have entered with these bogus credentials at Port of N. D.

To Establish Woolen Mills.

Philadelphia, Dec. 2.—The high duty on woolen manufactured goods has had the result of determining several German mill owners who have customarily in the United States to establish manufacturing branches in this country. At least three of the plants will be located in this city, all of which expect to turn out cloth for the spring trade.

Squares Account By Suicide.

Lester, Minn., Dec. 2.—Charles Z. Dressler, deputy United States revenue collector, committed suicide today by shooting himself. He had, it is believed, become involved in his accounts with the government.

Peruvian Cabinet Resigns.

Lima, Peru (via Galveston, Texas, Dec. 2).—Owing to the attitude of the chamber of deputies, the members of the cabinet have tendered their resignations to the president.

REVOLT RAGING IN COLOMBIA

HEAVY LOSS OF LIFE AT BATTLE OF SANTANDER.

The Government Forces Recapture the Port of Rio Hacha, Under Threat of Bombardment.

New York, Dec. 2.—A dispatch to the Herald from Panama, Colombia, via Galveston, says: Four hundred additional recruits have arrived from Buenos Aires on the steamer Imperial. They will leave on Sunday for the interior departments, where the revolution is still raging, especially in Santander, Boyaca and Cundinamarca. With the reinforcement more than 1,000 men will have gone through the isthmus.

Further official details of the great battle at Santander have been received. The government losses were also considerable. The revolutionary forces numbered about 6,000 veterans from Santander, Boyaca and Cundinamarca, and were commanded by General Uribe, who time for time extraordinary bravery. He retired, some reports say, toward Boyaca, while others have him retreating toward Cucuta on the Venezuelan frontier, with more than 3,000 men in good condition. General Uribe was not wounded, as was first officially reported.

Port Rio Hacha, on the Atlantic coast, which was occupied by revolutionaries under Marcos Serrano on Oct. 29, was finally recaptured on Nov. 15 by the government forces under General Manjarres, with the assistance of the gunboats La Puma and Cordova, which threatened bombardment if resistance was made.

Serrano, upon the suggestion of the president, consented to send commissioners, who on behalf of the people, demanded from General Manjarres an explanation. General Manjarres replied by rejecting the threat of bombardment, and limited the time for surrender. The surrender was finally effected through mediation of the consuls.

TUMULT IN FRENCH SENATE.

Violent Incidents in the Trial of the Alleged Conspirators.

Paris, Dec. 2.—In the high court (senate) today M. Guerin asked for an adjournment of the proceedings to select a new counsel. The public prosecutor objected and M. Guerin argued, amidst a fearful din from the prisoners, that he was entitled to the adjournment. The president of the court, M. Andre Buffet, who presides over the Young Royalist League and representative of the Duke of Orleans' political bureau, was distinguished as an expert in the law.

The public prosecutor demanded M. Buffet's expulsion, whereupon the uproar increased and the president of the court, M. Buffet, ordered the prisoners to be ejected, which was done after considerable trouble. The session was then suspended and the court ordered that M. Buffet be expelled from the session for the week.

M. Fallieres eventually rejected M. Guerin's application, whereupon M. Guerin asked to be allowed to withdraw. M. Fallieres promptly refused this extraordinary request, and M. Guerin returned that he wished it to be understood that he only remained in court under compulsion. The president of the court paid no attention to this characteristic protest and resumed hearing the witnesses.

WOOD TO GOVERN CUBA.

Will Be Appointed to Supreme Command In the Island.

Chicago, Dec. 2.—A special to the Times-Herald from Washington says: General Leonard Wood will be the master of all Cuba under the direction of the president until the time comes when congress takes action by providing a new civil government for the island.

General Wood is not to be called official "governor." He will be military governor in supreme command of the island, but in the absence of any insurrection or trouble and none is expected by the administration his duties will be civil. General Wood is to have the rank of major general of volunteers, which will enable him to outrank the regular army officers who remain in Cuba under his command.

Some of the generals now there are to be withdrawn, and those who remain will be placed under General Wood's orders. To appease those who are taken away, the president will make several promotions to brigadier generalships of the regular army. Those to be thus honored are Generals Lee and Wilson.

Vault Must Stay Closed.

London, Dec. 2.—The appeal of Mrs. Anna Maria Drice, who claims to be a daughter-in-law of the Duke of Portland, against the decision prohibiting the opening of the Drice vault in Highgate cemetery, under the ownership of the grave owners, has been refused. The court has decided, no one appearing in support of the reference.

Volunteers to Organize.

Denver, Colo., Dec. 2.—The Colorado volunteers who served in the Philippines have formed an organization, with General Irving Hale as president, and will invite all the remnants of the Eighth army corps to attend a reunion in Denver next year, at which the Society of the Army of the Philippines will be organized.

Tidal Wave In Chili.

Santiago de Chili, Dec. 2.—(Via Galveston, Texas.)—A tidal wave yesterday caused considerable damage, destroying moles, boats and other property along the shore.

PLAGUE ENTERS JAPAN

Five Cases, Three Deaths Are Reported at Kobe.

CROWN PRINCE TO MARRY

MIKADO HAS SELECTED A WIFE FOR HIS SON.

Downfall of the Present Ministry Is Predicted—Russian Encroachments In Korea Alarm the Japanese—Two New Warships to Be Built—Pro-British Feeling Prevails.

Yokohama, Nov. 16 (via San Francisco, Dec. 2).—The bubonic plague has made its entry into Japan, five undoubted cases having been reported at Kobe, three already proving fatal. The pest is traced to cotton imported from China, the original buyer, the carrier and the purchaser of the stuff being the three victims. Much dismay prevails in the infected city, and the most drastic measures are being taken by the authorities. A hundred houses are isolated and a corps of the most eminent physicians from the empire has been dispatched to the scene with full powers. A striking illustration of the sensitiveness of the Japanese against the Russian encroachments in Korea is found in the fact that although it was perfectly well known that the autumn maneuvers of the army were to be held this week, yet the embarkation of troops upon two transports here last Monday gave rise to the wildest rumors that they were en route for Korea, and in the popular imagination the impending war had already begun.

The future emperor of Japan has been chosen, and her engagement to the crown prince announced. She will have a dowry of 1,250,000 yens from her own family and from the emperor, the latter contributing the larger portion of the sum.

Belated to Buddhist Priest.

It may be significant that by this marriage the crown prince will become related to the highest Buddhist priest in the empire. In view of the strong Buddhist movement in Japan, this recognition this fact is commented upon as of great interest.

Predictions are freely made that the coming session of parliament will result in a break-up of the present ministry. The liberal party, through alliance with which the cabinet has been enabled to carry its measures, is in a state of disintegration, and as a matter of fact, while another has been making insistent demands for spoils in the shape of ministerial appointments, in return for party services.

The government has decided to build two new cruisers in its own dock yards, one at Kure and the other at Yokohama. It realizes the fact that this cannot be done at anywhere near so small a cost as the work would entail in foreign yards, and as a matter of national pride and for the encouragement of domestic industries the decision has been taken.

D. & R. G. Fire at Denver.

Denver, Colo., Dec. 2.—The paint shop connected with the repair shops of the Denver & Rio Grande railroad company burned at 5 o'clock at evening, involving a loss of \$30,000. Three employees were severely burned in trying to save the coaches that were undergoing repairs in the shop. One coach and one Pullman were burned.

THREE YEARS FOR BOTH MEN

WILLIAM REEVES AND JOHN PETERSON SENTENCED.

Were Convicted of Breaking Into Salt Lake & Los Angeles Shops Last Summer.

William Reeves and John W. Peterson, the two young men who were convicted on Wednesday of housebreaking, were repaid in the shop. They underwent three years imprisonment in the state prison.

Before passing sentence, Judge Norrell overruled the motion and argument of Attorney J. M. Hamilton for the defense, who asked for a new trial. The offense for which the men pay the penalty consisted of entering the Salt Lake & Los Angeles railroad shops on Eighth West and stealing valuable tools and various portable articles, which were subsequently unearthed in several second-hand stores in this city by the police.

ANN TATE'S WILL.

Bequests Made to Son and Daughter and Grandchildren.

The will of Ann Tate, who died in this city on Oct. 12 last, was filed for probate yesterday, and Dec. 12 was set for hearing the petition of George W. Reed, Jr., for its admission to proof. The estate of decedent is valued at \$1,500, and by the terms of the will the property is to be equally distributed to her children, Clara Tate Reed and Charles H. Tate, and to the two minor children of her deceased daughter, Mary Ellen Hansen, but the minors' shares are to be held in trust until the younger one attains the age of majority. The testatrix purposely omitted making any bequest to her sons, John, George and Joseph, because of having given them their portion during her lifetime.

LIVES LOST IN SHIPWRECK

STEAMER STRIKES THE ROCKS AT HUMBOLDT BAY, CAL.

One Woman Swept Away Just As She Was About to Be Rescued By Life Savers.

Eureka, Cal., Dec. 1.—The steamer Weeott lies a total wreck on the south jetty of Humboldt bay, having struck the rocks there, and of the twenty-four souls on board all are safe but two. One passenger, Mrs. Carmichael, a resident of Ferndale, this county, and Gus Nelson, a seaman of the steamer, lost their lives.

Mrs. Carmichael was the first person the life-saving crew tried to rescue. She was in the basket which was on the life line run to the doomed vessel from the jetty. A big breaker struck the basket as she was almost in the arms of her rescuers, and she was swept away. Her body was not recovered, nor will it be unless the currents send it ashore. Nelson was killed by a falling spar, which struck him breaking his neck.

The steamer went on the rocks at 5:30 this evening. She had laid outside nearly all afternoon waiting for a smooth sea. At 5:30, though it was low tide, Captain Burris determined to make the attempt. He had barely entered the passage when a great breaker struck the steamer stern, sweeping her off her upper works as though they were cardboard, flooding the engine room, putting out her fires and leaving her helpless.

In a few minutes the big breakers swept her in upon the south side of the south jetty, where the seas swept over her. The bar was unusually rough, and it is almost a miracle that there is a single survivor.

To the bravery of Mate Morgan is largely due the rescue. He plunged into the terrible breakers, managed to get to the rocks of the jetty, climbed upon them and then upon the piling, carrying the line with him. Soon the life-saving crew arrived, stung their basket and rescued the others, with the exception of Mrs. Carmichael.

EVENTS AT BLACKFOOT.

Physician Goes to Jail For Twenty-five Days.

(Special Correspondence.) Blackfoot, Ida., Dec. 2.—Dr. J. B. Cooper was before Judge Molden's court Wednesday afternoon on the charge of practicing medicine without a license. The doctor has been a successful physician for twenty years. He is a native of Idaho and was born in Blackfoot, and was committed to jail for twenty-five days.

Clarence A. Warner, Indian agent of Fort Hall reservation, died Thursday afternoon of consumption.

Clarence Young of company E, First Idaho volunteers, died yesterday morning. Young was among the first from Blackfoot to enlist and was promoted twice, first to corporal and later to sergeant. Sergeant Young's home is in Missouri, and he had improved so rapidly since his return that he expected to eat his Thanksgiving dinner at home. But Tuesday he was worse and sank rapidly until his death. His brothers, James and William, are at Rock, Mont., and William Young, from Weiser, Ida., are both here and the funeral will be held at the M. E. church at 2 p. m. today.

COL. BRYAN IS LAUDED

Filipinos Class Him With Aguinaldo and Riscal.

MESSAGE OF GRATITUDE

NOTABLE PROCLAMATION ISSUED AT TARLAC OCT. 28.

"An American By Blood, By Ideas An Ilustrious Son of the Philippines"—War Proclaimed by the Men in Power; Not Sanctioned By American People.

San Francisco, Dec. 2.—Mail advices from Manila give the full text of the Filipino proclamation, notable for its references to W. J. Bryan, Riscal and Aguinaldo, the substance of which was cable and published some weeks ago. The proclamation was published at Tarlac in the La Independencia, the official organ of Aguinaldo, Oct. 28. As translated from the Spanish, the preface reads:

"A message of gratitude to the illustrious Democrats of the United States, true representatives of the institutions founded on liberty proclaimed by the great men of the North American republic in the meeting that will be celebrated tomorrow in the capital of the nation. Initiated by the sons of that grand liberal association that dominates the country, which interprets very well the sentiments of the people and the desires of the government, this meeting in the presidential palace for tomorrow was organized."

Aguinaldo Hero of Century.

"All the preparations that have been going on for the past few days are certainly worthy of the illustrious hero of the anti-imperialistic party. American by birth, he has been educated in and practiced the teachings of the greatest presidents of the United States, and for that reason, cannot consent that ambition for power shall send to useless and shameful sacrifices the sons of free America, and for that reason has sympathized with President Aguinaldo, whom he recently acclaimed the hero of this century, a follower of the teachings which have immortalized Washington, Monroe and Jefferson. The historians of the Philippines ought to write in pages of gold the name of this great American, a crusader for justice; for that ideal justice of which Zola spoke in an address to the French youth."

"In the struggle which we sustained with the old sovereignty, the word of freedom was Riscal, and the arm which put the idea into execution was Aguinaldo."

"In the present time Bryan replaces the great martyr; sublime lessons for the very enemies, which they meet with among their own brothers who are coming to commit upon a weak people. See that grand, glorious cause, there be grades of justice—has our cause, when it finds champions, not among foreigners, but among the very sons of the great republic."

Riscal, Bryan and Aguinaldo.

"There should be pictured, then, in Filipino history, with the same glory, Riscal, Bryan and Aguinaldo, glorious trinity of our political redemption; and for a foreigner, who has Anglo-Saxon blood in his veins to defend our cause, we ought to look upon the second with the same veneration with which we regard our greatest martyrs and heroes, Bryan, American by blood, by ideas an illustrious son of the Philippines."

DIAMONDFIELD JACK'S POSITION

CONTENTION OVER WHO SHALL EXECUTE HIM.

Either Warden of State Prison Or Sheriff of Cassia County Must Do the Job If It Is Done.

(Special to The Herald.)

Boise, Dec. 2.—The Diamondfield Jack murder case again has the boards in this state. It comes into the supreme court on a question as to who shall execute the prisoner in case he is executed at all—whether that personage shall be the sheriff of Cassia county, or the warden of the state penitentiary, where for the last six months the prisoner has been confined. Attorney General Hays is of the opinion that the sheriff of Cassia county is the proper person to execute the prisoner, as the crime was committed before the legislature that passed the law last winter providing for the execution and prisoners convicted of capital offense by the warden of the state prison within the walls of that institution.

HARMON SET FREE.

Appeal Case Is Ordered to Be Reinstated.

George Harmon is once more sniffing the air of freedom, after passing some hours of confinement in the county jail. Yesterday the dismissal of the appeal in the case of the state vs. George Harmon was set aside by Judge Norrell, and the case reinstated. It was probably heard on Dec. 15. Harmon was sentenced by Justice Sommer last July to pay a fine of \$75 or be confined in the county jail for a like number of days for receiving a gun.

ANTELOPE ISLAND SUIT.

R. D. McDonald Files His Answer.

R. D. McDonald yesterday filed answer in the district court in the case of Dan Harrington and John McNally vs. Philo T. Farnsworth and R. D. McDonald. It will be remembered that the original complaint alleges that the defendants had an option on the Antelope group for the sum of \$24,000, to be paid in installments, and that the last installment of \$15,000 was not paid in full. Plaintiffs accordingly prayed for the deeds to the property be turned over to them and the \$9,000 already paid by Farnsworth be declared forfeited. In his answer, McDonald alleges positively that Hall paid defendant one-third of the \$15,000 installment, and that the entire consideration for the purchase of the property—the Antelope group—has been paid by Farnsworth.

TITLE IS QUIETED.

Judge Hiles' Opinion In Right-of-way Case.

Judge Hiles yesterday, in the case of E. R. Coleman vs. E. G. Hile, found in favor of the plaintiff. The suit was brought to quiet title to a piece of land situated near the junction of Eighth East and Second South streets. The court ordered that a decree be entered adjudging that the boundary lines between the premises of plaintiff and defendant is as set forth on the survey and plat admitted in evidence, and that plaintiff has a perpetual right-of-way to the full width of the graveled sidewalk mentioned in the evidence, and that defendant is perpetually enjoined from obstructing the same.
